Cross-country meet covers the region

There were close to 1,200 elementary and secondary school students pounding the trails at the Temiskaming Nordic Ski Club on Thursday, October 8. The occasion was Temiskaming District Secondary School's annual cross-country invitational meet, one of the biggest turnouts in the event's history. The runners came from across the region – from North Bay to Timmins and from almost every school throughout south Temiskaming. (Staff photos by Steven Larocque)
